LA PASSIONE PER IL LEGNO È DA SEMPRE PRESENTE NEL DNA DI CASABATH.

È UNA PASSIONE DIFFUSA PER TUTTO QUELLO CHE L'AZIENDA PROPONE E PRODUCE AL PROPRIO INTERNO, DAI MOBILI A TUTTI I PRODOTTI IN RESINA, DALLA LAVORAZIONE DELL'ALLUMINIO A TUTTE QUELLE FASI DELLA PRODUZIONE CHE VEDONO LA TRASFORMAZIONE DI UNA MATERIA PRIMA IN UN OGGETTO FINITO DOTATO DI UNA PROPRIA PERSONALITÀ.

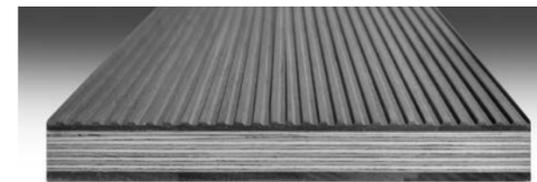

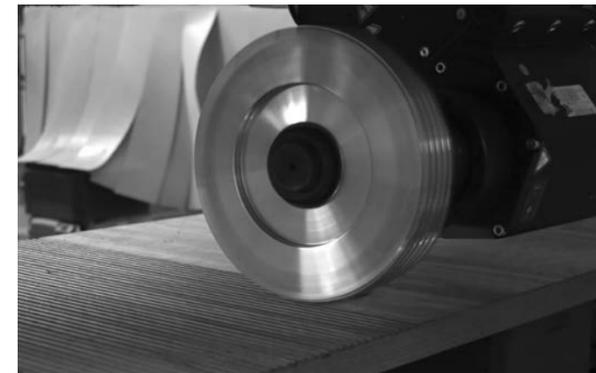

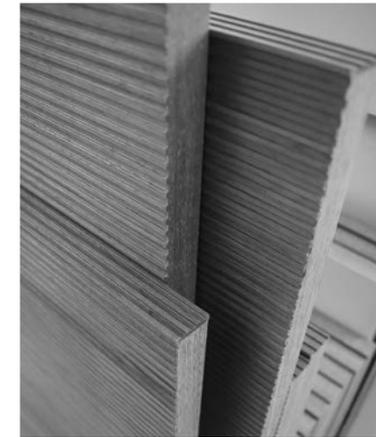

LOCALIZZARE TUTTA LA PRODUZIONE ALL'INTERNO DELL'AZIENDA È UNA SCELTA OBBLIGATA PER PERMETTERE UN CONTINUO CONTROLLO DELLE VARIE FASI DI LAVORAZIONE, DALLA SELEZIONE DEI MATERIALI ALLA DEFINIZIONE FINALE DEL PRODOTTO, PASSANDO ATTRAVERSO I TEST DEGLI ELEMENTI COSTRUTTIVI E LE SPERIMENTAZIONI DI NUOVE SOLUZIONI ED AVERE LA CERTEZZA DI PROPORRE AL CLIENTE FINALE UN PRODOTTO DI ALTA QUALITÀ.

PASSION FOR WOOD HAS ALWAYS BEEN PRESENT IN CASABATH DNA.

IT IS A WIDE PASSION FOR EVERYTHING THAT THE COMPANY PROPOSES AND PRODUCES IN THE FACTORY, FROM FURNITURE TO ALL RESIN PRODUCTS, FROM THE PROCESSING OF ALUMINUM TO ALL THOSE STAGES OF PRODUCTION, WHICH SEE THE TRANSFORMATION OF A RAW MATERIAL INTO A FINISHED OBJECT OF ITS OWN PERSONALITY.

LOCATING ALL PRODUCTION WITHIN THE COMPANY IS A MANDATORY CHOICE TO ALLOW A CONTINUOUS CONTROL OF THE VARIOUS PROCESSING PHASES, FROM THE SELECTION OF MATERIALS TO THE FINAL DEFINITION OF THE PRODUCT, PASSING THROUGH THE TESTING OF NEW CONSTRUCTIVE ELEMENTS AND SOLUTIONS. THIS ALLOWS TO HAVE THE CERTAINTY THAT CASABATH OFFERS A HIGH-QUALITY PRODUCT TO THE END CONSUMER.

## Noce Canaletto / Canaletto Walnut

La collezione XS si distingue per la texture incisa nel legno massiccio della parte frontale di fianchi e cassetti. La sensazione trasmessa è quella di una collezione moderna, di alto livello, dove traspare la cura del dettaglio e il piacere di lavorare un materiale così bello come il legno. La collezione è proposta in Noce Canaletto e Rovere.

I frontali e fianchi esterni sono realizzati con elementi a 3 strati per evitare, nel tempo possibili deformazioni tipiche del legno massiccio. In questo caso, alle

parti esterne più pregiate in Noce di 5 mm di spessore, viene abbinata una parte centrale in multistrato di Betulla.

La versione in Noce Canaletto è disponibile in 3 calde tonalità che ne esaltano la bellezza delle venature.

Il programma prevede una versione con apertura push-pull e una con gola. In questo caso la parte superiore del cassetto presenta un profilo di finitura in alluminio verniciato in qualsiasi colore del campionario.

The XS collection stands out for the texture engraved in the solid wood of the front of the sides and drawers. The feeling transmitted is that of a modern, high-level collection, where the attention to detail and the pleasure of working a material as beautiful as wood shines through. The collection is offered in Canaletto Walnut and Oak. The fronts and external sides are made with 3-layer elements to avoid, over time, possible deformations typical of solid wood. In this case, the most

precious external parts in 5 mm thick Walnut are combined with a central part in birch Plywood. The Canaletto Walnut version is available in three warm shades that enhance the beauty of the veins.

The program includes a version with push-pull opening and one with a groove. In this case, the upper part of the drawer has an aluminium finishing profile painted in any colour from the sample book.

## Rovere / Oak

Anche per la versione in Rovere frontali e fianchi esterni sono realizzati a tre strati per garantire una maggiore stabilità dimensionale nel tempo.

Lo strato interno è sempre in Rovere massiccio con la venatura in senso trasversale rispetto a quella dei due strati esterni, in questo modo i movimenti naturali del legno sono bilanciati e si evitano le deformazioni che si possono verificare in elementi monostrato.

La versione è disponibile nelle 13 tonalità diverse del campio-

nario, da quelle più naturali e calde a quelle più scure che si prestano maggiormente a soluzioni più moderne.

Fanno parte della collezione anche contenitori a 1, 2 o 3 cassetti, utilizzabili in composizioni che utilizzano lavabi sospesi o come elementi di arredo separati dal mobile principale.

Anche in questo caso frontali e fianchi hanno la stessa texture incisa mentre il top, ribassato, è in finitura liscia.

Also for the Oak version, the front and external sides are made of three layers to ensure greater dimensional stability over time.

The inner layer is always in solid Oak with the grain transversal to that of the two external layers, in this way the natural movements of the wood are balanced and the deformations that can occur in single-layer elements are avoided.

The version is available in the 13 different shades of the sample, from the more natural and

warm ones to the darker ones that lend themselves to more modern solutions.

Also part of the collection are containers with one, two or three drawers, which can be used in compositions that use suspended washbasins or as furnishing elements separated from the main cabinet.

In addition, in this case, the fronts and sides have the same engraved texture while the lowered top has a smooth finish.
